

Low Loopers

Intro: ♩ = 72-144

Solid: ♩ = 72-120

Serious: ♩ = 126-180

Advanced: ○ = 92-144

Remember:

Maintain an 'OOO' shape to the lips shape and a forward, 'eee' tongue.

Use plenty of air, but don't over-blow.

Eliminate any 'slaps' in your articulation. Keep it light.

Also make sure you're taking in enough mouthpiece to produce a full, textured sound.

①

C, C# or C^b F and F[#] B and B^b E and E^b A and A^b D and D^b G and G^b

Use a variety of articulations, rhythms, and other adaptations.

②

C, C# or C^b F and F[#] B and B^b E and E^b A and A^b D and D^b G and G^b

Don't reach down for low notes, and don't reach up for high notes.

Maintain a consistent embouchure in all registers.

Use air to fill notes.

③

C, C# or C^b F and F[#] B and B^b E and E^b A and A^b D and D^b G and G^b
